

An economy without financial literacy is like a landscape with no water...

THE THIRST REMAINS

DID YOU KNOW?

- 84% of college students have a credit card—half have four or more;
- The median debt for college freshmen in 2008 was \$939, nearly triple the number in 2004; and
- 64% of college students wish they would have received financial management education in high school.

The Actuarial Foundation developed **Building Your Future** to reach these individuals before they face the challenges of college and life on their own.

ABOUT THE AWARD-WINNING BUILDING YOUR FUTURE PROGRAM

At a time of widespread economic turmoil and financial challenges, our teens must be taught how to manage money wisely so they can make smart decisions today and in the future. **Building Your Future** will give teens a reservoir of financial knowledge they can draw upon for the rest of their lives. You can view the **Building Your Future** curriculum at: www.ActuarialFoundation.org/programs/youth/BuildingYourFuture.shtml

THE THIRST REMAINS IN HIGH SCHOOL CLASSROOMS

Your gift of \$250 through **THE THIRST REMAINS** campaign will provide one high school classroom with the **Building Your Future** curriculum. You can select a school from the Foundation's waiting list of hundreds of schools or choose your own school. Perhaps you would like to benefit your alma mater, a neighborhood school, or your child or grandchild's school.

You can make a difference! Complete and submit the following form, or donate online at: www.ActuarialFoundation.org/donate/cca.shtml.
